If surgery seems drastic, call facial acupuncturist Alex Maas, who has perfected the Acufacelift as a safe, painless, cheaper alternative. By pinpointing and erasing a face's negative history, Maas (himself wrinkle-free) achieves visible results well within the 12 prescribed treatments – the benefits of ordinary needle therapy are a bonus. By improving hormonal balance and alleviating stress, he attacks the root causes of puffiness and lines. He also advises lifestyle changes to retain a youthful countenance. Ring 07932 758819 or visit alexmaas.co.uk.
